NIGHT SHOOTING SENDS ONE TO HOSPITAL HERE

Jake Tucker, 19, is in Cameron Hospital from a shotgun wound in his left thigh and Otha Seaton is at liberty under bond and charged with the shooting.

Tucker was shot around 1 a. m., Sunday, following a fight with Roy Seaton, brother of Otha Seaton.

Sheriff Carl Black placed Otha Seaton in jail and he was admitted to bail Sunday. He resides on one of the Batte farms.

According to officers, the trouble arose when men quarreled at a gathering, that Otha Seaton, when told by his brother of the trouble, came in from the farm and went to the Tucker home and called Tucker out and shot him.

The discharge entered Tucker's left thigh below the waist line and severely wounded him. The charge struck a knife and a cigarette lighter and this may have saved Tucker's life, according to the officers.

The trouble occurred at the Tucker home west of the Southern Pacific railroad.

RELICS DISPLAY FOR CENTENNIAL IS URGED

Inquiries are now being made by many people who are interested in the historical phase of the coming Centennial Celebration especially about the exhibits of old relics.

When the Centennial Committee first considered this part of the program it was decided to ask merchants to share their show windows for the displays. So far as known there has been no listings and it seemed important that something be done at once to shape up this part of the program.

A Centennial celebration without relics and displays would lack color and it is hoped that something can be arranged soon.

Those who own these relics want to be assured they will be taken care of and this cannot be done unless they are kept in a locked show window of in a building under supervision.

Cameron has no space in which to house anything of this nature. Until public opinion expresses this need there is little hope it can be arranged.

\$175 FIRST COLLECTION FOR TRUCK BY FIREMEN

On June 11, 1890 the Cameron Volunteer Firemen, now playing a leading part in the Centennial plans, received \$175 from a collection which started to buy their first equipment.

The late T. S. Henderson, one of the committee, was not present at the meeting but R. C. Wight reported that Mr. Henderson had received pledges of \$175. The minutes of that date disclose that no one was present from the committee named at the previous meeting.

There were 16 firemen present for the meeting. An order was to be placed for the truck at the earliest possible moment.

Raising the necessary funds for the early equipment of the department was quite a problem as noted from the minutes of June 20, 1890.

The meeting was convened at 9:40 as a political meeting was in progress at the court house and the

Bell County Schools Are Qualified For State Aid Money

All common school districts in Bell county have now qualified for state aid money, the last of the districts recently voting a 50c tax.

At the office of County Superintendent Hicks here it was said that all districts in Milam county are now eligible for state aid with the exception of seven.

State aid money has been the salvation of common school education in Texas because in many sections the tax valuations are not high enough to sustain the educational facilities the community must have.

To be eligible for state aid the district must have a maintenance tax as high as 50 cents.

Walter Sitz of Burlington visited in Cameron last week.

Live Gopher Brought Here From Tyler's Farm Near Cameron

A live gopher, munching sweet potatoes in a large glass jar, was exhibited here Saturday by P. A. Tyler who trapped the small animal in his potato field.

The gopher is one among a number of small burrowing animals in north America and were so named by early French settlers in the Mississippi and in Canada because of their habits of dotting the landscape with mounds of fresh earth pushed up from their net work of tunnels.

The gopher is a small animal with large cheek pouches which extend from the mouth to the tip of the shoulder. In burrowing they push the dirt forward. They are very hard to trap. They resemble the ground squirrel some but have a slick tail like a large rat. In color they are dark brown as a usual thing.

Capable of great destruction, the gopher takes a heavy annual toll.

Not so long ago a Cameron home owner planted some pecans and one came up and the tree had grown to about 12 inches in height. He took a hoe and scraped the grass away and heaped up the soil around the little tree. Next morning it had disappeared in a gopher hole.

Their passage ways run for miles under the surface and one gopher can destroy an entire garden.

RALPH MICHALKA WILL BE CITY FIRE CHIEF

Ralph Michalka, prominent civic leader and war veteran, was named Fire Chief by the City Council Tuesday night upon nomination by Mayor A. W. McCullin.

Mr. Michalka has already taken over the duties of the office. He has been a member of the Volunteer Fire Department for a number of years. He is also a member of the Cameron School Board, a member of the Rotary Club, American Legion and Veterans of Foreign Wars. He saw service abroad in World War I.

Mr. Michalka will succeed Jack Henderson as Chief. The Cameron Volunteer Fire Department was organized in 1890 and has played a notable role in the history of the city. During Centennial, May 23, 24 and 25, the Fire Department will be host to visiting departments and will arrange a program on Fireman's Day.

Tickets For Centennial Dance Are on Sale; Are Limited to 400 Couples

Tickets for the Centennial Dance have been placed on sale in Cameron by Albert Collins, chairman of the committee on arrangements.

Since the tickets are limited, reservations by Cameron people should be made at once. The number of local reservations made will determine the number of tickets to be allotted elsewhere. Tickets that are to go to other towns must be allocated within a few days.

Mr. Collins said that all tickets could be sold at once in Austin, Waco, Bryan, Temple, Brenham, Belton and other places, but he feels that home people should have a chance and therefore has placed tickets on sale at the following places: Palace of Sweets, Dusek Pharmacy, E. O. Schiller Pharmacy, George A. Thomas & Sons, New Cameron Drug Co., Bevers Coffee Shop, Misses Shirley Horstmann and Dorothy Richter.

This dance features Gray Gordon and his tic-toc rhythm, one of the better known national orchestras. It is the orchestra that has all American dancing and can be heard over all national radio systems as it fills engagements in New York and all large American cities.

The dance will be held in the gymnasium of the high school on the night of May 24.

"Wing Scout" is the name of the Girl Scout's own Piper Cub plane, presented to them by William T. Piper. It is the only airplane owned and used by a national youth-serving agency.

Mrs. Adolph Jones of Cameron is among the surgery patients of the week in Newton Memorial Hospital and is recovering rapidly.

| In Milam County | \$1.25 |
| Out of County | 1.50 |
| Foreign and Far Postage Zones | 2.00 |

No Subscriptions taken for more than 1 year.

HENRY LEHMAN WILL ASK FOR RE-ELECTION

TO THE VOTERS OF MILAM COUNTY:

I take this means of announcing my candidacy for re-election to the office of Floterial Representative of the 65th District, subject to the action of the Democratic Primaries.

It has been a pleasure to serve the people of this District and I want to take this means of expressing my thanks and appreciation for the co-operation the people have given me. It has always been my purpose to try and help and benefit the people of the District that I represent and I have put forth all my efforts to the best of my ability trying to accomplish that purpose.

In planning our post-war period, I feel that my experience as your Representative, that you the voters have allowed me to have, will prove very beneficial in accomplishing these things that this District is most interested in.

In asking for re-election I base my request upon my record of service and if re-elected I shall continue to promote the best interest of the people I represent to the best of my ability.

I respectfully solicit your vote and support.

Yours sincerely,
Henry G. Lehman.

ANDREW J. MORRIS IS BURIED AT NORTH ELM

Andrew Jackson Morris, 68, a former resident of Milam county, died at his home in Temple, Thursday night, April 18. He had been ill for a long period of time.

Mr. Morris lived in the Yarrellton community and was engaged in farming. He retired 18 months ago and moved to Temple to make his home with his son, S. B. Morris. He was married to Miss Fannie Jackson in 1899.

Funeral services were held from the Chapel of the Green Funeral Home in Cameron at 3 p. m., Friday, with Rev. P. L. Caperton officiating. Interment was made in the North Elm Cemetery.

Mr. Morris is survived by his widow; two sons, S. B. Morris and W. B. Morris of Temple; one daughter, Mrs. Dave Miller of Ben Arnold; two sisters, Mrs. Mary McGoldrick of Cameron and Mrs. Ellen McEntire of Fort Worth. One child preceded him in death.

Pall bearers were: Sam Houston, W. T. Whately, Jr., Louis Rask, Narvie Caperton, Grady Allen and Joe Denson.

CONSUME LESS WHEAT IS ASKED OF PEOPLE

The Food Distribution Advisory Committee of Milam county has issued the following appeal to the people:

Citizens of Milam county are urged to reduce consumption of wheat products by 40 per cent and fats and oils by 20 per cent during the next few weeks to release supplies of these essential foods for shipment abroad.

According to W. A. Atkinson, chairman, Food Distribution Advisory Committee, more than 500,000,000 people in war-torn countries are in immediate danger of starvation unless provided with minimum amounts of foods until their next harvest season.

Wheat is needed in large quantities because it can be transported easier than most foods and distributed more rapidly to those in dire need of food, he said. Fats and oils are high in food value, and are essential to daily diets.

Every food source in the country is being marshalled together to guarantee success of the program. The Mi-

(turn to page four)

BUICK SWINGING BACK TO FULL PRODUCTION

FLINT, Mich.—Buick is swinging back to quantity production of 1946 model automobiles after termination of a strike that lasted more than four months.

More than 12,000 manufacturing employees—the full pre-strike force—are back on the payroll and production is mounting daily. Simultaneously, final assembly of Buick bodies at the Fisher plant here also has been resumed.

Harlow H. Curtice, Buick General Manager and Vice President of General Motors Corporation, expressed optimism with a forecast that the Buick Division would have to maintain peak production for many months to shrink a large backlog of orders.

As Buicks rolled off assembly lines again, Curtice said:

"We have the finest line of automobiles in 1946 we have ever built, and there is a tremendous demand for them. Their popularity, as assessed by public reaction to them and by the volume of retail orders placed with our dealers, is greater than at any time in the past and will require our maximum capacity for many months to come."

"Our plant reconversion will be pushed to the limit to provide this capacity and the added jobs that go

(continued on page four)

JESSE BULLOCK POST LEGION CHARTERED HERE

The Negro Veterans of World Wars I and II, Monday night completed the organization of Jesse Bullock Post No. 9, American Legion. The following were elected officers of this new post and were inducted into office by L. Van Perkins, Adjutant of Edwin Hardy Post No. 9.

Commander, Frank Harmon; vice commander, Robert L. McIntyre; Adjutant, Elijah Williams; Finance Officer, George W. Pratt; Chaplain, Eugene Thompson; Service Officer, Alex Murphy.

The post was named for Jesse Bullock, who was inducted into service April 2, 1918, and died in Camp Travis. He was the first colored service man to give his life in defense of his country in the first World War from Milam county.

This new post believes that any Legion Post should first of all look after the disabled and widows and orphans of men who have given their lives to their country; but it also believes that a Legion Post should take a leading part in the betterment of the community in which it lives. This Post has taken for its first community project the building and equipping of a playground for the colored boys and girls of Cameron.

JOE HAWKINS RECALLS SOME EARLY HISTORY

Joe Hawkins, 75, born near Cameron in the Marlow community, contributed a bit of interesting information on the old days here Saturday.

Mr. Hawkins lives in Cameron. He remembered much his mother told him of early days, especially about the first school.

James Hawkins, his father, was born in Missouri. He came to Cameron in 1859 and settled on the land which was later known as the old Hefley place north of the city.

Josiah Turnham, his grandfather on his mother's side of the house, came out from Kentucky and settled here in 1844. His mother, Tommy Ann Turnham, was born in a log house which was built on the site where the W. S. Lamkin home now stands. Although the log house was on the south bluff of the river near the site of the old McCown bridge,

(turn to page five)

Old Wood Stove Is Real Antique; Wants To Exhibit It Here

Henry Dreyer, sheet metal works owner here, several years ago came into possession of an old wood stove.

The stove now more than a hundred years old is a real antique. Some years ago the stove was bought by another from a negro in the Cameron area and was used by the Business Women's Club for a while. When the business women wanted a gas heater they traded Mr. Dreyer the old stove.

Little did they know what they had. Mr. Dreyer laughed off an offer of \$100 for the stove recently made by a rich oil man who is furnishing a home with antiques.

Mr. Dreyer has a photo of the Henry Ford collection and he does not believe that the auto magnate has anything like this pattern. The makers of the old stove sold out to the Buck Stove and Range Co. back in the 19th century. Cameron is the best example we know of a neglected community. We should have had a museum 50 years ago.

10 OBJECTIVES SOUGHT IN LEGION ENDOWMENT

Ten objectives are sought in the Americanism Endowment Fund of the Legion, the campaign to begin in May.

Emmett W. Streetman, as a member of the State Executive Committee for the Legion, has received an outline of the program. The state committee make up the Council.

President Truman is Honorary National Chairman and Governor Stevenson is Honorary Vice Chairman for Texas.

Here are the objectives to be sought: 1. Permanent Board on Education. 2. Co-operation with all schools to teach constitutional processes. 3. Endowment of professorships to teach constitutional history and law. 4. College and University scholarships. 5. Physical fitness programs. 6. Support of youth guidance agencies. 7. Education program to promote American system of competitive enterprise. 8. Permanent staff in Legion Departments to assist all worthy Americanism projects. 9. Maintenance of competent relations program. 10. Research to promote international understanding.

Homer Winchester Takes Place With Chevrolot Company

Homer W. Winchester, formerly with the Broadway Motor Company in Houston, has joined the Grabein Chevrolot Company in Cameron.

R. G. Grabein announced that Mr. Winchester has been employed. He will join the force in the Body and Paint Department, said Mr. Grabein.

Mr. Winchester has had 15 years of experience in this line of work and the Chevrolot company is happy to announce that he is to be associated with the department.

Mother of Tucker Says Seaton Shot At Her On Porch

Mrs. Ola Tucker, whose son, Jake Tucker, was shot by Otha Seaton and who is in Cameron Hospital, has asked a correction in the published item about the shooting.

Mrs. Tucker says that when Seaton came to her home around 12 a. m., Sunday and called for her son, Jake, she returned to the kitchen where her son was seated and told him that Otha wanted to see him. When she heard the shot she ran to the door and said Seaton then shot at her from a short distance away.

In the story Monday this newspaper erred in stating the shooting occurred at the Seaton home, which is only a few yards away from the Tucker home. The shooting occurred as above stated by Mrs. Tucker.

Jake Tucker, 19, was shot in the left thigh, the charge striking a pocket knife and cigarette lighter. The trouble resulted from a fight which occurred at the Tucker home, between Jake Tucker and Roy Seaton, brother of Otha Seaton. This fight, according to Mrs. Tucker, occurred around 9 a. m. Otha Seaton, who lives on one of the Batte farms, heard of the trouble and came to town and went to the Tucker home and shot Jake Tucker and shot at his mother, according to Mrs. Tucker, who requested the correction.

REV. SANDERS RESIGNS BAPTIST PULPIT SUNDAY

Rev. C. W. Sanders for five and a half years pastor of the First Baptist Church in Cameron, has tendered his resignation effective May 15.

His resignation was submitted at the evening service Sunday and was received with regret by the membership.

Rev. Sanders, a native of Nacogdoches, Texas, has received and has accepted a call to First Baptist church in Hearne.

Early Tuesday the pastor said he regrets to leave Cameron because of so many friends and the associations of five and a half years. The Cameron church is one of the pioneer churches of Texas, organized in the fifties. During his service at the church Rev. Sanders has seen growth and fruitful preaching and leaves the church in splendid condition in finances and in spirituality and membership.

A young man in the ministry, Rev. Sanders has greater prospects and while he regrets his departure from Cameron he feels that the work at Hearne will be important in its relation to his life calling.

During his almost six years in Cameron he has been active both as a pastor and a citizen.

Rev. Sanders will go to Florida on May 6 to attend the Southern Baptist convention and then will go to Hearne.

During his pastorate here the church paid off a \$10,000 debt on the educational building and has established a building fund with \$5,530 looking to the construction of a new church.

BILL ALEX BONDS FOR ASSESSOR, COLLECTOR

I wish to announce my candidacy for re. election to the office of Assessor and Collector of Texas, and again ask for your support and influence.

I know that I can serve you more efficiently than ever before, because of the experience I have had in the work in this office.

Having lived in Milam county all my life, and believing that I know personally almost every property owner in the county, and being familiar with the values and the location of lands, schools and roads, enables me to prepare the assessments of the property in the county so that each district may receive the taxes justly due them.

The office of Assessor and Collector of Taxes in point of importance can hardly be overestimated. I fully realize both the solemn duty and responsibilities the people have so generously placed upon me.

Swimming Pool Will Open Here April 28

Mayor A. W. McCullin has issued notice that the municipal swimming pool in Wilson-Ledbetter Park will open at 3 o'clock on Thursday afternoon, April 28.

The hours will be 3 p. m. to 11 p. m. and the admission charge will be 25c including tax.

The swimming pool is one of the few city activities on a money-making basis. Revenue bearing bonds were issued to build and it has now been paid out, releasing 10c of the tax rate for other purposes this year.

Mayor McCullin has just issued a proclamation on clean-up and also has issued warnings about traffic violations.

DR. SWIFT IS SCHOOL BOARD PRESIDENT

Dr. Clifford Swift was elected president of the Cameron School Board at the meeting held early this week.

Frank Reid was named vice president and Chas. E. Allday was elected secretary.

Dr. Swift succeeds George Childress as head of the board. He has been a member of the board for several years.

The board also passed a motion and named a committee of which Dr. Swift is chairman to ask the city council to order an election in early June for an increase of 25c in the school tax. The funds would go to raise teacher salaries.

Personal Mention

Mr. and Mrs. H. M. Akers will have for the Easter holidays their daughter, Miss Eugene Akers, student at Baylor University, Waco, and also Clyde Mordic, a recently discharged service man from the army.

John B. Henderson was in Florence in Williamson county Thursday. He owns property interests there.

Mrs. W. M. Fanning left Wednesday for Longview to visit her daughter and family, Mr. and Mrs. Louie Dunbar, which will be her first visit to see her new granddaughter, Jane, who made her arrival last week.

Mrs. R. S. Wiley left Wednesday of this week for San Antonio where she will visit with her children. She had as a recent guest her son, Terry, of Bryan, and also her nephew, H. E. Woody, of Houston.

O. D. Hairgrove of Milano is a patient in the Newton Memorial Hospital and is recovering.

John M. McDonald of Yarrelton, pioneer, was a visitor in Cameron Wednesday. He was born in Milam county in 1872 and remembers much of the early-day history. He is 74 years old and is still active but takes life easy on his farm. He is looking forward to see the old pioneers here during Pioneer Day, May 25.

Stewart Grocery

Mr. and Mrs. M. G. Cox spent a few days in Houston this week.

Miss Laverne Miller, daughter of Mr. and Mrs. Ed Miller of Burlington, is among the patients doing well at Newton Memorial Hospital.

Earl Humbird is a patient in Newton Memorial Hospital. He is with the Slocumb Gin Company in Cameron.

Commissioner E. G. Stiles of Thorndale was a visitor in Cameron Monday. He had been ill and recently was operated on in the Seaton Hospital in Austin.

The Hoyte Home Demonstration Club met in March at Mrs. John McLerran's home. Eleven members were present. Each answered roll call with an unusual use of a zipper. After the meeting a plate lunch was served by Mrs. McLerran with Mrs. Frank Hanel serving as co-hostess.

IN APPRECIATION

We wish to gratefully acknowledge and express our appreciation for the many acts of kindness shown us and for the beautiful flowers we received in our recent sorrow.

The Family of W. C. Ford, Sr.

Armenta Byars who lives on Route 4 out of Cameron, is a patient in the Newton Memorial Hospital.

Mr. and Mrs. Lester J. Windham and son, Jesse, of Texas City, were in Cameron Friday on their way to the Hunt ranch near Killen where they will spend a vacation. Mr. Windham, with the Pan-American Refining Company for a number of years, plans to retire soon. Mrs. Windham is a sister of Mrs. J. B. White.

IN APPRECIATION

We wish to gratefully acknowledge and express our appreciation for the many acts of kindness during the recent illness and passing away of our dear mother.

Mrs. Pope Sapp and family.
Mr. and Mrs. R. E. Sharpe and family.

Mr. and Mrs. Walter F. Sharpe.

Ben Kennon, Gene Barmore, Coke, and Richard Phipps are spending a few days at Lake Travis near Round Rock where they will do some fishing. Their friends are hopeful that they will not let the big ones get away, but under the circumstances it looks doubtful.

Mrs. Emma Butts spent the week end in Austin guest of her daughter, Mrs. Hallie Smith and family.

Mrs. Clarence Colburn is reported to be improving after spending several days in Cameron Hospital for treatment.

IT'S EASY TO MAKE WINDOWS SHINE

Mr. and Mrs. Seth Dees and son, Coy, who has just received his discharge from the navy after three years of service, are here on a visit with Mr. and Mrs. Tom Smith. Mr. and Mrs. Smith are moving to Houston the first of May to make their home, and Mr. and Mrs. Dees, who have been living at Engleside the past year, are moving back to Cameron to make their home.

Mrs. Nina Wilkerson spent the week end in Austin, guest of Mr. and Mrs. Leo Wilkerson and daughter, Leola Wilkerson.

Mrs. Alvin Nelson of Milano is among the many patients in the Newton Memorial Hospital and is reported recovering rapidly.

IT SHINES LIKE NEW — LASTS LONGER — LEAVES HARD DRY LUSTER

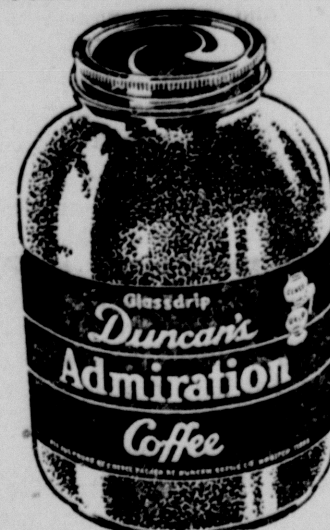

Walter Hagemester of near Rogers was a business visitor in Cameron on Tuesday.

Mrs. Lucille Brady of Temple is a house guest of Mrs. N. H. Butts this week.

Centennial Fund Is Growing; But Still Is Short of Goal

Letters were being sent out to people in the rural communities asking their financial cooperation in raising funds for the Centennial.

Additional needs for money have developed and it now appears that the demand will have to be met for some \$15,000 instead of the \$10,000 originally estimated.

At a meeting of the central committee Friday night the Pioneers Entertainment committee asked for \$500 in prize money for the old fiddlers and also for money to pay for the barbecue for the old settlers. Letters have gone out signed by R. L. Batte, Sr., chairman, inviting the old timers to be here. It is estimated that the cost will be around \$1200 to feed the visitors, making a total of \$1700 which is now estimated to be needed for this event on the program.

The city government has authorized an expenditure which may run as high as \$1200 for renovating the band stand in the park for this event. According to O. B. Horstmann, chairman of the finance committee, only about \$9800 had been collected.

Rogers Publisher Is Visitor In Cameron

C. W. Taylor, publisher of the Rogers News, was a visitor in Cameron Monday.

Mr. Taylor is rounding out his 48th year as publisher of the News. He recently sold his printing plant to a Dallas firm and now his duties are with the paper.

Mr. Taylor is a former member of the State Senate. He has lived most of his life in Texas, was an early-day school teacher and accumulated many interesting facts about Texas, all of them being a part of his own life as he has lived it in the moving scenes that span the bridge from the frontier to modern civilization.

Many of his friends think he should write a book on his experiences.

Jerry Zotz Honored With Easter Egg Hunt

On Sunday, April 21, from 3:00 until 4:00, little Jerry Zotz was honored with an Easter egg hunt at the home of her grandmother, Mrs. O. G. Zotz, at 1101 West Main street.

Those present were the honoree and her little friends, Faith Roberts, Pat Matula and Pat Dillion. After a merry chase hunting the eggs, they enjoyed refreshments of ice cream and cookies. Plate favors were colored eggs with little fictional characters printed on them.

What is your GUESS? on our profits...

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits . . . 30.0%

I H four war year average profit . . . 4.9%

In this survey, the average of the guesses by the public of the war-time profits made by industry was . . . thirty per cent (30%).

But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only . . . 4.9% on sales. Less than one sixth of what the general public "guessed" for all industry.

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—5.59, 1944—3.95, 1945—3.93.

Public guess on peace profits 18.0%

I H four pre-war year average profit . . . 7.17%

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged . . . 7.17%. This is well under half of what the public "guessed" for all industry.

Majority think fair profit in normal times is . . . 10%

I H ten-year average is less than 7%

The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recommended and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our situation today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL we get only 1942 prices. This condition cannot long be met out of our present low rate of profit.

Future Prices on I H Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least.

But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

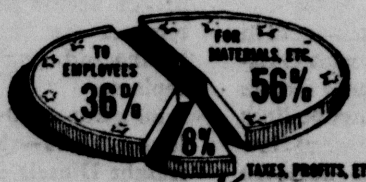

Our customers can be certain that we will seek no more than a moderate profit, both because of our policies and because we have approximately 300 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

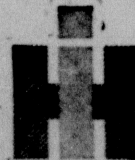

What About Current I H Prices?

When the War ended and we planned our peace-time production, we had hoped to be able to serve our farmer customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and ma-

terials up to that time. But recent developments have forced a change in our plans.

Entered in the Post Office at Cameron, Texas, as mail matter of second class under an act passed by Congress, March 3, 1879.

JEFFERSON B. WHITE
Editor and Publisher

James D. Baskin, Jr.
And Mary Goodrich of
Marlin Will Be Married

MARLIN, April 27.—Mr. and Mrs. Nick Whitney Goodrich of Marlin today announce the engagement and approaching marriage of their daughter, Mary, to Midshipman James D. Baskin, Jr., of the United States Navy, son of Mr. and Mrs. James D. Baskin, of Austin. The wedding will take place June 12th.

Miss Goodrich attended Mary Baldwin College in Staunton, Virginia; the University of Texas, and was graduated from the University of North Carolina in March. She is a member of Pi Beta Phi sorority.

Midshipman Baskin will receive his commission from the United States Naval Academy, Annapolis, on June 5th. Before entering the Naval Academy, he attended the University of Texas where he was a member of Delta Tau Delta fraternity.

Mr. and Mrs. Lincoln Barber, Jr., spent the Easter holidays with her parents, Mr. and Mrs. Owen Weems, and their little son, Lincoln Barber III. Mr. and Mrs. Barber will take their son to Austin when living quarters are available.

BUICK

(continued from page one)

Buick and Fisher final assembly lines were halted a week prior to the UAW-CIO strike when a frame shortage was created by a work stoppage in the Midland Steel Company plant at Cleveland.

Buick production currently is limited to the four-door series 50 sedan. Assemblies of other models will begin as volume is accelerated. Manufacturing operations were resumed April 2 after settlement of the 132-day strike. Since then, workers were added daily in preparation for final assembly operations which began April 8 and are expanding daily.

LESS WHEAT

(continued from page one)

Milam County Food Distribution Advisory Committee, composed of leading food people of the city, in session last week endorsed the Famine Emergency Program and pledged cooperation throughout the campaign.

Key role in the entire campaign goes to housewives, Atkinson said, since major savings of both wheat products and fats and oils must come from the home. All-out cooperation by every housewife in Milam county is needed to make the local program a success, he emphasized.

Using plentiful foods, such as potatoes, instead of bread, serving fewer fried foods, broiling more foods, making maximum use of meat and bacon drippings turning in used fats to butchers and grocers which no longer can be used for cooking purposes and serving less pastries are practical ways each housewife has of cooperating in the emergency program and saving vitally needed foods for starving millions, he explained.

Lemon Juice Recipe Checks
Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a 2 weeks' supply today. Mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need only 3 tablespoonfuls two times a day. Often within 48 hours — sometimes overnight — splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by

W. W. (Dock) MARKHAM
GRADY STIDHAM

For Commissioner, Precinct 3
RAYMOND DEES
JESTUS ALFORD
BYRON NEAL
L. D. SHAW

FIREMEN

(continued from page one)

firemen could not use the district court room.

The committee to solicit funds reported that they had \$155 in cash and \$50 in good notes, a total of \$205. They also said that some \$200 additional was in sight in notes and cash.

After some discussion it was decided to order the hook and ladder truck described as No. 1, Figure 333 in a letter from Rumsey & Co., dated June 10, 1890 and the secretary was instructed to correspond with the company further about prices and equipment. At the meeting on July 8, 1890 the firemen had to adjourn again due to the fact that the "County Alliance was about to meet." The next meeting was to be held on July 11.

The women of the town gave an ice cream supper for the benefit of the firemen to help pay for their truck. At the meeting on July 11 it is recorded that the truck was ordered shipped at a cost of \$435.

It should be remembered that in those days a truck was horse drawn. The automobile and the internal combustion engine was still years ahead.

Mrs. Lois Meders is among the many patients in the Newton Memorial Hospital and is doing well.

WANT-ADS

FOR SALE—Very choice Holstein, Guernsey, Ayshire and Jersey dairy heifers, \$75.00 each. Non-related male free with 5 head. C.O.D. shipment if desired. Homestead Farm Cattle Agency, McGraw, New York. (46-5tc)

Rollin' 'em faster
on the Santa Fe

Santa Fe serves the Southwest with two main lines.

The northern route runs across the plains of Kansas, southeastern Colorado, and goes over the mountains at Raton Pass.

The southern route leans south in eastern Kansas, runs through Oklahoma, the Texas Panhandle (where it is joined by other Santa Fe lines serving Texas), crosses central New Mexico, and joins the northern route again near Albuquerque.

Along these main lines Santa Fe has increased its yard facilities, straightened out curves and lengthened sidings to handle more freight trains.

Centralized Traffic Control systems have been installed, virtually adding another "main line" to important parts of the Santa Fe.

A great new double-track steel bridge across the Colorado River removes the "bottleneck" created by the old single track bridge it replaces.

80 giant 5400-horsepower Diesel locomotives—the most powerful freight Diesels in the world—are pulling heavy freights over our steepest mountain grades.

These increased facilities on the Santa Fe are ready to "roll 'em faster" for shippers even more efficiently than before.

SANTA FE SYSTEM LINES

Serving the West and Southwest

HAWKINS

(continued from page one)

the river washed it away.
So far as known the river has not gone over the bluff since that time. Indians were here then and often camped in the bottoms. An old Indian village was located on the Brown farm near the old city cemetery and there are other village sites along the escarpment.

Mr. Hawkins said the small children walked to school and were constantly on the lookout for the Indians who were in the main friendly but the white settlers were wary.

William Streetman, the father of the late Judge Sam Streetman, noted Texas lawyer was the first school teacher Mr. Hawkins can recall, as he remembers the story from his mother. This was in the early fifties.

TIM, WISHING YOU WEREN'T MARRIED IS LIKE A FRIED OYSTER WISHING ITSELF BACK AT THE SEASHORE

PENNEY'S RADIO SERVICE
Quality Workmanship

FREE PICK-UP AND DELIVERY SERVICE

The old school was located near the site of the old grammar building.

Later Mrs. William Homan was a teacher. She was the wife of Bill Homan, an early newspaper man in Cameron and publisher of The Herald.

Shapley P. Ross was an old settler and owned the land all around Cameron, said Mr. Hawkins. He was an Indian fighter. When he moved away he sold his land and received a yoke of steers. Mr. Hawkins' mother was related to the pioneer Ross.

Mr. and Mrs. James Hawkins are buried in the old city cemetery on the east road to the river. Also a brother, Coleman Hawkins, and four other children are buried there.

Mr. Hawkins is to bring to The Herald an obituary notice printed when his mother died and written by the late Dr. T. A. Pope.

BONDS

(continued from page one)

ously entrusted to me and have endeavored to render helpful aid to the Tax Payers in transacting their business with the office. To achieve these results and to give the people the efficiency they have the right to expect in one who undertakes the responsibility, I know I have at all times retained the services of experienced employees and required them in the light of my conception of public duty to serve the people at all times in full measure of understanding of the highest traditions of efficiency; believing that no standard is too high to uphold in an office of public trust.

There are constant changes in the laws governing the operation of the office of Assessor and Collector of Taxes, which require continuous study and an unlimited amount of detail work to properly collect, handle and disburse into the various channels the taxes paid into the office by the Tax Payers.

Because of the constant changes in the laws, there are often misunderstandings. So long as I am entrusted with the office, I sincerely hope you

will call on me or my employees for an explanation of anything pertaining to your tax matters which is not satisfactory or clear to you.

There are new duties being placed on the Tax Assessor and Collector continuously, and having been your Assessor and Collector and studied every phase of the new duties gradually as they come, enables me to thoroughly understand every detail, and therefore serve you efficiently.

I have never had, and do not expect to have so long as I am your Assessor and Collector, any other interests to interfere with the duties of the office.

It has been my privilege to serve you as a friend and neighbor as well as an official. In casting your vote for this important office, I am asking that you think of me as the man you have given the job of, looking after your tax matters, and if I have been loyal to you and if my work has been satisfactory may I ask that I remain

SPECIAL HEALTH CLINIC

Hemovitamer

Beginning Tuesday, May 7th and continuing through Wednesday, May 8th

Do You Want Better Health?

If you aren't feeling up to par, if you are really ill, if you have searched everywhere for relief without success . . . let science help you out.

Here's a brand new, scientific, almost magic radionic discovery that aids in finding the cause responsible for your trouble. You will know what your trouble is and how to correct it. Your blood pressure will be taken. Your heart and lungs will be examined. There is no pain, no surgery. You will be checked for dietary deficiencies and told what they are. You get a REAL physical examination scientifically—with the Hemovitamer.

Dr. M. Y. Lewis, expert technician with the Hemovitamer Co., Denver, Colorado, will be here for this special scientific clinic.

Property Sales Here Show Values Trend; Activity Is Brisk

Real estate transfers, revealed by the records here, show that property in Cameron is selling at a good price and activity is brisk.

Sam Kestenbaum has sold half interest in the Yoe building to Adolph Winfield for \$10,500. This is the largest mercantile area transfer of the month thus far. This building was built by the late Mr. and Mrs. C. H. Yoe, who gave the Yoe High school to the city.

The Cameron Machine Shop has sold to A. C. Mitchan part of lot No. 3 of the original town site survey on South Travis for \$5,500, another large business area transfer of the month.

Luther Roberts has purchased from F. F. Sampson, Sr., a brick cottage on North Houston for \$6,500.

Residence property is in great demand and materials will send construction up to an all time high.

Honors Heap Up For Tom Sampson, Former Resident of Cameron

Tom Sampson, who was born at Camoren is the new president of the McAllen Rotary Club. Sampson is also president of the McAllen Chamber of Commerce.

Sampson is a district utility manager at McAllen and one of the most prominent civic leaders in the Lower Rio Grande Valley. He is county C.E.D. head, and heads many important city committees, being now a member of the city charter commission. Sampson is not only among the most prominent civic workers in the Valley, but he is a popular American leader in international relations with Mexico. He is a leader on the Foreign Relations committee of the McAllen chamber.

O. B. Horstmann was in Dallas Thursday on business. He is currently serving as chairman of the Centennial Finance Committee.

S-Sgt. Rutherford Is On Way Home to City

Staff Sergeant Emmett Rutherford left the Philippine Islands today (Friday) for his home in Cameron.

His parents, Mr. and Mrs. Emmett Rutherford, Sr., received a cablegram Tuesday from their son stating that he was coming home.

Sgt. Rutherford left the United States for the Pacific war zone from Camp Beale, California. He has been promoted several times and is now a staff sergeant. Before he left for the Pacific he was home on a ten-day furlough.

Cox and Hicks Give Report To Rotary

Mose G. Cox, who is soon to become president of the Rotary Club, and Chas. M. Hicks, who was recently elected secretary of the club, gave the program Wednesday, which was a report on the District 130 convention held in Galveston Sunday and Monday.

Mr. Hicks, the first to speak, told a story of Bobby Wise, a former Cameron boy and graduate of the high school here, who has become widely known as a bacteriologist and is now with the state medical school in Galveston. He is a member of the Galveston Rotary Club.

Mr. Cox gave his impression of the convention and made a plea for a more aggressive program in Cameron. In his comment on the convention Mr. Cox cited the objectives of Rotary in this district and told about the excellent program there. Service being one of the principal objectives of the organization, he made a plea for cooperation in his coming duties as president of the club.

Former Constable Joe Lankford of Precinct 3 was in Cameron Friday on business. Mr. Lankford lives near Hanover.

John Goodson of Maysfield is a patient in the Newton Memorial Hospital.

Faulty Building Law Here Makes Figures On Volume Obscure

A faulty building law in Cameron makes information impossible on the volume of construction in the city.

Permits are not required and with no record it is difficult to correctly list the value of new construction.

Like so many omissions of the past the city could have served well if it had enacted a simple ordinance requiring permits for construction. No up and going city in America would think of any other course.

An ordinance requires fireproof construction in the fire limits. This ordinance is not enforced. The result is insurance premiums are higher. The key rate ordinance is 87 per cent deficient. Property owners pay for this deficiency on their insurance.

The volume of construction in Cameron is large and has been increasing and will be much higher as materials are available.

W. A. Gilbert, accompanied by his son and wife, Mr. and Mrs. J. B. Gilbert of Houston, spent the Easter holidays visiting relatives and friends in Cameron and Mexia.

Helps build up resistance against MONTHLY FEMALE PAIN

When taken regularly! Lydia E. Pinkham's Vegetable Compound does more than relieve monthly pain when due to functional periodic disturbances. It also relieves accompanying weak, tired, nervous, jittery feelings — of such nature. Taken regularly—Pinkham's Compound helps build up resistance against such monthly distress. Pinkham's Compound is worth trying!

How women and girls may get wanted relief from functional periodic pain

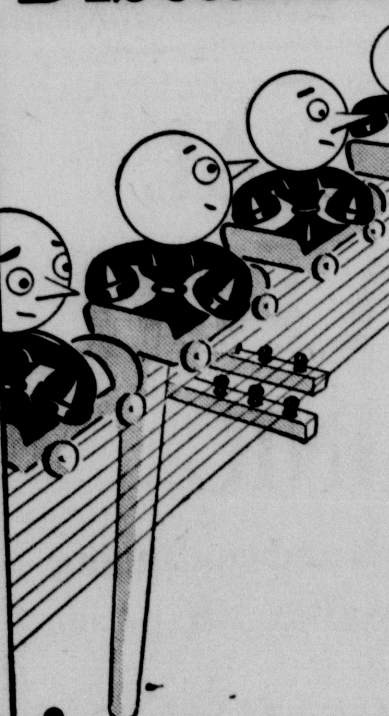

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

CARDUI
SEE LABEL DIRECTIONS

"Traffic jam" on Long Distance

Like automobiles bumper-to-bumper along a congested highway, millions of long distance calls are crowding the wires every day.

To meet this load, we are training thousands of new operators, adding thousands of miles of new circuits, and installing new switchboards so that every call can be handled promptly and to your liking.

The millions of dollars we are investing in this expansion program will mean fewer and fewer delayed calls as construction work progresses. Our aim is to bring everyone better-than-prewar long distance service.

SOUTHWESTERN BELL TELEPHONE COMPANY

Maj. Thomas J. White, who recently returned to his duties with the Army School of Technology at Wright Field, Dayton, Ohio, is now in Seattle, Washington. Upon his return to Dayton orders were awaiting him to proceed to Washington to join a staff tour of the colleges and universities of the country where schools of technology are being established. Major White will return to Rice Institute this fall. Among the schools to be visited in Texas are the University, and perhaps others.

Mr. and Mrs. M. A. Ashley of Milano were welcome visitors in Cameron on Wednesday.

Make Your Plans Now

Some day soon you will want to build or repair and that means you will require the service of an Experienced Electrician.

I am prepared to serve you, no matter what your needs may be.

Governor Stevenson Is Indorsed Here for Another Term in Office

Governor Coke R. Stevenson, who is being currently urged to run for re-election, was getting wide support in Cameron and Milam county.

While no petition has been circulated it was known that sentiment among many favored such a course if it was thought advisable in order to show support here for the popular governor.

Friends here have been reading with interest the petitions from various counties in Texas. Like other sections, many local leaders feel that if he will run others now in the race may withdraw and since Governor Stevenson promises much more than the average his re-election would insure a known brand of approved government in Texas.

Frankly his friends and supporters here think the Governor is the only man who can do the job as governor for the next two years and the state is going to need his leadership in the critical times ahead.

Centennial Dance Ducats Are Ready

Tickets for the Centennial Dance will be on sale here Tuesday and Albert Collins was happy to be able to begin distributing these ducats.

Gray Gordon and his Tic-Tic-Rhythm orchestra will be here for the music on the night of May 24.

The tickets sell for \$6 including tax. The tickets are limited to 400 couples. Also \$2 tickets are being printed for the balcony where spectators can be seated.

The committee of which Mr. Collins is chairman met early Monday to go over plans for the dance.

Mrs. George Peets was a visitor in Cameron this week.

Baseball Schedule Is Announced; Legion Is Sponsor of Team Here

It has been almost 20 years since Cameron has been able to announce a baseball schedule. In the old days the city supported a semi-pro team and some of the men found their way to the big leagues, notably Homer Peel.

The 1946 team is made up of high school boys and it marks the first time in many years that baseball has found a place in the athletic program at the school. It is a good sign and the American Legion is sponsoring the team.

Lawless Green Athletic Field is being placed in order for the schedule which opens here with Westphalia on April 25.

Here is the schedule: April 23, Waco there; April 25, Westphalia here; April 30, Westphalia there; May 9, Lampassas there; May 14, Waco here; May 23, Temple here, a Centennial game; May 24, Lampassas here, a Centennial game; May 25, Temple here, a Centennial game.

Finance Team For Centennial Praised

Praise for two members of the Finance teams of the Centennial Finance Committee was voiced here Friday for their share in the work of raising funds for the distribution.

The team men are Ray Lester and Bert Nicholson. Not only did they give large personal donations but they have collected enough money for the Centennial fund to qualify for the praise they have received.

Mr. Lester is a prominent beverage distributor and Mr. Nicholson is distributor for Dr. Pepper.

S. M. Corley, Jr., arrived at his home Sunday from Calcutta, India. He is the son of Mr. and Mrs. S. M. Corley of Buckholts.

Two Negro Women Arrested After Fight

Officers here arrested two negro women following a knife fight in the Flat Monday night. Ruby Johnson is in a hospital and Clara Bell Hemphill is in jail.

Ed. O. Pagel of Buckholts was a welcome visitor in Cameron this week.

Among the many patients at Newton Memorial Hospital is Mrs. Hugh Baker of Buckholts. She is doing well.

Mrs. John Gilbert of Milano is a surgery patient in the Newton Memorial Hospital and her many friends will be glad to know she is doing well.

Mr. and Mrs. J. B. White and Mrs. T. J. White were business visitors in Houston on Sunday.

Dr. and Mrs. S. R. Cotton will spend Easter Sunday with Dr. and Mrs. George S. Cotton in Temple.

Yoemen Get 4th In Sprint Relay at San Marcos Running

The Yoemen won fourth place in the sprint relays at the regional track and field meeting at San Marcos Thursday.

Coach Leo Jackson said that his boys had clipped 4 seconds off the running course since they began to work out. Three of the boys on the team are in the backfield for the Yoemen this fall.

In the event in which they placed fourth at San Marcos, they came close on the heels of the winners with all runner-up teams closing in to make a bang-up finish.

Coach Jackson is proud of the boys who carried the Yoemen colors to the regional meet.

SUMMERIZE

YOUR CAR Now FOR SUMMER DRIVING

Winter oils and greases won't do the job when summer heat comes steaming down. They should be replaced with the correct types and grades of fresh summer MOBILE OILS and MOBILGREASES. Engine... Gears... Chassis... Radiator... all should be checked and put in proper condition for summer driving. That is what Magnolia SUMMERIZE SERVICE means... a seasonal preventive maintenance service, exclusive with your Friendly Magnolia Dealer. It assures smoother, more economical operation and all the Flying Horsepower in the new MOBILGAS. Get this protection against the damages of summer heat today!

THE SEASONAL SERVICE ALL CARS NEED

ENGINE—Dirty, thinned winter oil drained and replaced with the proper grade of the new detergent MOBIL OIL that cleans as it lubricates... a war-proved oil that resists thinning under high heat, and offers amazing new cleaning properties for valves, rings, pistons and bearings. Gives you a MOBIL OIL CLEAN Engine that is smoother running and more efficient, with new gas and oil economy.

GEARS—Dirty oils drained from transmission and differential and replaced with fresh, tough MOBIL OIL GEAR OILS of the types and grades to fit the make and model of your car.

RADIATOR—Cleaned with MOBIL RADIATOR FLUSH. MOBIL HYDROTONE added to keep the cooling system clean and safe from rust and scale.

CHASSIS—Complete Mobil lubrication of all vital parts, for protection against friction and wear.

From where I sit... by Joe Marsh

Best War Memorial I Know

There's an old war memorial in our town that I like to stop and look at now and then.

Back in 1865, folks gathered up all the bitter relics of battle and put them in a pile: cannon, battered rifles, broken swords, and rusted bayonets. Some of them from our side, some captured from the enemy.

They melted them down, and from this litter of war sprung a monument to friendship, tolerance and understanding—a promise that the bitterness and hatred were forgotten.

Since then, there've been all kinds of disagreements in this country, big and little. Prohibition was one—and there was plenty of bloodshed, misery and grief until the problem was resolved.

But from where I sit, it's part of the greatness of America that we remain a united country. We may disagree as individuals—but, accepting that difference of opinion, we can live in tolerance and mutual respect.

Joe Marsh

NEWS FROM MILANO

Prayer service was observed Easter Sunday in a joint service with the Milano and Gause Methodist churches.

The little son of Mr. and Mrs. T. McCullum broke his leg while playing at school, and is in Temple Hospital.

Mr. Pruitt and his track team attended the track meet at San Marcos and Wednesday, and were accompanied by several boys and girls who are attending school there.

Mr. and Mrs. Vanover of Houston spent the Easter holidays in the home of Mrs. Ida Howes.

Mrs. Dan Robinson attended church in Temple on Easter Sunday and visited with her daughter and family.

Mr. and Mrs. Hinton Pruitt visited in Houston and Galveston over the weekend.

Mr. and Mrs. Jack Sledge visited their parents the past week end.

Mrs. W. E. Thomas left Sunday for a visit with her children in Houston and Velasco.

Mrs. Kermit Grabener and little daughter from Seguin are visiting her parents, Mr. and Mrs. Willingham.

Nick Brennan of A. & M. College spent the week end with his mother, Mrs. Bessie Brennan.

Mr. and Mrs. Lee Braun and children of Austin spent the week end with their parents, Mr. and Mrs. Lee Braun, Sr.

Mrs. Howes left Sunday for a visit with her daughter in Houston.

Miss Ada Bell Tisdale, teacher at Mumford, spent the week end here with her mother.

Mr. and Mrs. Jack Blackmon and son of Crosby have returned to their home after visiting with his mother, Mrs. Ollie Blackmon.

Mr. and Mrs. Fred Brannon, of Houston, have concluded a visit with her parents, Mr. and Mrs. McGregor. J. D. Peoples attended a Shriners meeting in Houston this week.

Mrs. Charlie Simms is visiting her daughter in Galveston.

Mr. and Mrs. Worthy Hilliard have returned to their home in Englewood, after visiting his parents here.

The children of the Methodist Sunday School enjoyed an Easter Egg hunt on the church lawn Saturday afternoon.

Mrs. George Manley of Minerva spent the week end with her sisters, Misses Kate and Alice Brennan.

We are glad to report that Mrs. S. W. Taylor is at home and improving nicely.

District Manager Guest At Meeting of Grove 996 On Tuesday Night

The Supreme Forest Woodmen Circle Grove 996 met last Tuesday night at the K. P. Hall with Mrs. Ella Mae Middlebrook, district manager of Waco, as the distinguished guest.

All officers sitting at their stations and the following program: Mrs. Gladys Matyastik, as Chaplain, and Mrs. Nettie Story, as Past Guardian.

Attendant Mrs. Julia Brown had as her assistant attendant, Jimmy Price, a member of the Junior Forest, in bringing in the National and State Flags.

Guardian, Mrs. Marie Laake presided.

sider over the business session and special recognition was given Mesdames Middlebrook, district manager and Nettie Storey.

Two applications were received into the Supreme Forest Woodman Circle Grove 996, and two members into the Junior Lodge.

The Supreme Forest Circle Grove 996 sent a wreath and a sympathy card to members of the Grove. Mrs. Matyastik gave her report on mailing birthday cards to the aged members at the Woodman Circle Home at Sherman, Texas. A special "Thank You" and their appreciation was read to the members.

Members of the Grove voted to give \$2.50 to the American Red Cross. Mrs. Ida Johns read the minutes of the last Grove meeting. They were adopted to the secretary's book as they were read.

Our district manager, Mrs. Ella Mae Middlebrook, spoke on "Women Have Always Done Fine Things and Always Will." She also spoke about the District Convention of the Supreme Forest Woodman Circle to be held on May 7 in the Roosevelt Hotel

at Waco.

Members of the Junior Lodge met with the Grove members and served on the drill team. Free will offering was taken. The members of the Grove voted to adjourn.

Mrs. Gladys Matyastik, Reporter.

Home Demonstration Club Is Organized At San Gabriel

The Woman's Home Demonstration Agent of Milam county, Miss Johnson, met with the ladies of the San Gabriel community April 5 to organize a Home Demonstration Club.

There were 15 ladies present and a club was organized with the following officers elected: Mrs. Hugo Linke, president; Mrs. James Terry, vice president; Mrs. W. W. Smith, secretary-treasurer; Mrs. Jim Stewart, reporter; Mrs. Joe Yeager, recreation committee chairman; Miss Ione Griffith, program committee chairman, and Mrs. Hugh McMillan, council delegate.

It was voted to meet on the first and fourth Wednesdays of each month, the first meeting to be on May 5 at the home of Mrs. Joe Yeager.

ger. The agent will be present to give a demonstration on preparing foods for freezing and preparing foods after they have been frozen. She will be assisted by Mrs. James Terry and Mrs. Joe Yeager.

Clarkson H.D. Club Meets

Mrs. John Blasenz was hostess to the Clarkson H. D. Club on April 18. Nine members were present. After the regular business session, our Home Demonstration Agent, Miss Johnson, showed us how to prepare fruits and vegetables for the frozen food locker. She also prepared snap beans and corn which had been frozen. They were both very delicious. At

the close of the meeting the hostess served a refreshing plate of sandwiches, potato chips, cake and iced grape juice.

Our next meeting will be on May 4 in the home of Mrs. Roger Wimberly.

Mrs. Gene Smith and her mother, Mrs. L. C. Pevehouse had as their guests for the Easter holidays, Mon-

roe Pevehouse of Lubbock, Mr. and Mrs. Earl Pevehouse of San Antonio, and Mr. and Mrs. Monroe Smith of Houston.

Anyone interested in the Rice Cemetery working will please meet there on Friday, April 26. Come early and spend the day. Labor has been engaged, but it is necessary to meet and arrange the work. (24-1tp)

... And you can spend each one in cool comfort ... if your home is equipped with Attic Ventilation.

Drawing economically on an unlimited supply of night air, which is Nature's own cooling medium, the attic fan circulates fresh, clean, dew-laden air, lowering indoor temperatures during the hot summer months. It draws from walls and ceilings the heat which has accumulated during the day ... it provides an abundance of gentle, night-cooled breeze. The result is a delightfully cool comfort throughout the house.

So whether you're building anew, or planning improvements for your present home ... give Attic Ventilation serious consideration. You'll find this efficient, economical and healthful method of cooling your home during the summer will repay your investment many times over. See electrical dealers for new Attic Ventilation equipment.

If you already have Attic Ventilation installed in your home, NOW is the time to check your equipment thoroughly so that it will be in readiness for the warm nights that are just around the corner. Be certain that all equipment is properly lubricated ... that the motor and belt are in good condition. ... And if repairs are indicated, call a reliable serviceman now, and be ready for the summer season!
